EARLY YEARS TEACHER COACHING PROGRAM

A playful, evidence informed approach
to building early literacy skills.

Coaching for early
years teachers
and educators

Playful and
explicit modeling
of early
literacy skills

Customised
workshops
to enhance
early literacy
programming

Self paced, online
professional
development
modules

We are passionate literacy specialists supporting early childhood services to playfully develop preschool literacy skills.

We know that children, given the right foundations, can develop the requisite skills to become proficient readers.

NAT AND SARAH, DIRECTORS, SAILAWAY READERS

Together, let's build literacy skills through play.

SailAway Readers

Read. Write. Spell.

The Program

We offer 20 weeks of intensive early years staff coaching and professional development.

On-site Coaching

Designed to complement your existing play based program, our teachers visit your early years service to playfully and explicitly model the teaching of early literacy skills.

While working with groups of children, early years staff observe, participate and develop coaching questions.

- + 10 phonological awareness sessions; then
- + 5 sessions focusing on building phonological awareness, vocabulary and background knowledge

Workshops

Designed for early years service leadership, room leaders, teachers and educators.

- + 5 online or onsite workshops

TOPICS

- + Early years service scoping and goal setting
- + Tailoring the program to service needs
- + Responding to coaching questions
- + 2 progress checks
- + Evaluation and next steps

Online Professional Development Modules

Designed for early years service leadership, room leaders, teachers and educators.

- + 9 self paced professional development modules with corresponding printable notes

TOPICS

- + Unpacking The Science of Reading as it relates to early childhood settings
- + Evidence for explicit and intentional teaching of phonological awareness in preschool
- + Unpacking each aspect of phonological awareness
- + Playfully building vocabulary and background knowledge
- + Tips, tricks and tools for implementation throughout the preschool day

Together, let's build literacy skills through play.
